**GUIDELINES TO THE OPERATION OF
CONSULTANCY PROJECTS**

CONSULTANCY PROJECTS

NIT Meghalaya encourages the faculty members to undertake consultancy projects as a part of their academic duties. Such projects, in addition to providing financial incentives to the individuals enrich his / her professional knowledge. Moreover, consultancy projects augment the Institute resources, promote Institute-Industry alliance and contribute to the social economic development.

1. Each Consultancy Project will have a Principal Consultant who will be responsible for-
 - i. Formulating the project proposal which may include-
 - (a) planning of the work to be done,
 - (b) estimating costs according to guidelines provided in a later section, and
 - (c) identifying other consultants, if necessary.
 - ii. Execution of work.
 - iii. Handling all communications with the clients after the project proposal has been accepted.
 - iv. Writing of intermediate and final reports according to the project proposal.
 - v. Making recommendations to the Dean (R&C) regarding expenditure from the project funds and disbursement of funds to participants in the consultancy project.
2. Appointment of Principal Consultant: Industrial organizations usually approach the Institute for consultancy work through a faculty member or a functionary of the Institute (i.e. Head, Dean or Director). When a faculty member is approached for the work, he will be the Principal Consultant. If he does not wish to be the Principal Consultant or if the project is referred to a functionary, Principal Consultant would be identified through appropriate discussions and appointment will be made by Dean (R&C).
3. The project proposal prepared by the Principal Consultant will be forwarded to the client by the Dean (R&C).
4. In extreme emergencies, a consultant may take up an assignment with intimation to the Dean (R&C), and then seek approval.
5. The Institute normally requires the cost of the project to be deposited by the client, in full, before the work commences. However, based on needs of the client and circumstances, the Institute may permit commencement of work with payment to be made as per agreed upon milestones. All payments from clients will be received by the Institute and expenditure and disbursements made through normal Institute procedures.
6. After the initial deposit has been made by the client, R&C Office will assign a job number to the project and inform the same to the client, Principal Consultant and the Head of the concerned Department. This completes the process of initiation of a consultancy project. The above job number must be quoted in all subsequent correspondence. The Project file will be closed with the submission of the final project report and disbursement of fees to consultants and others.
7. Consultancy and related services offered will be divided mainly into two categories:
Category E: Expert Advice and Development Projects:- This type of project will be

Expertise intensive and based on the expertise of the Consultant.

Category T: Testing Projects:- This type of project will be Infrastructure intensive and will be based on extensive usage of the institute infrastructure. Minor/routine fabrications in the workshop will come under this purview.

8. Utilizations of the resources generated.

The resources earned by a teacher through consultancy should be divided between the teacher and the institution in the manner give below.

Item	Consultancy Project	Routine Testing
Total money received (T)	T	T
GST (G)	G	G
Total contracted amount (C)	T-G	T-G
Total expenditure	E	E
Net Amount (N)	C- E	C - E
Institute share (I)	0.30 N	0.40 N
Remaining amount for PI (P)	0.70 N	0.60 N

The distribution of the Institute share (I) will be as follow:

Sl No	Department/Office	Distribution (%)
1	Respective Department(s)	10%
2	Employee Welfare fund	7.5 %
3	(IRG) Institute Corpus fund	82.5%

9. GOODS AND SERVICES TAX ON CONSULTANCY FEES:

Goods and Services Tax (GST) is compulsory on all consultancy services. The rate of GST in force now is 18 % of the total consultancy fees. GST is to be paid by the party which obtains the services i.e. the clients. So, it is essential that the coordinators of the consultancy projects inform the clients the amount payable by the clients as GST in addition to the consultancy charge. For example, if the consultancy fee charged to the clients is Rs. 100/-, the clients will also pay an additional amount of Rs. 18 as GST, so collected will be deposited through GST payment portal.
