# About:

Artificial Intelligence (AI) has rapidly evolved into a transformative force as a tool for research and teaching. These tools offer significant advantages—generating ideas, enhancing productivity, assisting complicated tasks, data analysis and visualization, and reducing time spent on routine tasks.

However, alongside these benefits lie complex ethical challenges. The use of AI in academic research raises concerns related to plagiarism, originality, authorship, data privacy, intellectual property, algorithmic bias, and the potential erosion of critical thinking. Furthermore, as generative AI becomes more sophisticated, the boundary between original human scholarship and AI-generated content grows increasingly blurred. This ambiguity has profound implications for academic integrity, citation practices, peer review, and the ethical responsibilities of researchers. This workshop targets on the ethical aspects of using AI in research without compromising the benefits that AI provides.

PROF. DHIRESH KULSHRESTHA,  
PROFESSOR,  
DEPARTMENT OF ECONOMICS,  
CHITKARA UNIVERSITY

PROF. S. RENUKA DEVI,  
PROFESSOR,  
DEPARTMENT OF ENGINEERING  
EDUCATION,  
NITTTR CHENNAI

DR. WASIM ARIF,  
ASSOCIATE PROFESSOR,  
DEPARTMENT OF ECE,  
NIT SILCHAR

PROF. AYON BHATTACHARJEE,  
PROFESSOR,  
DEPARTMENT OF PHYSICS,  
NIT MEGHALAYA

PROF. DIPTENDU SINHA ROY,  
PROFESSOR,  
DEPARTMENT OF COMPUTER  
SCIENCE AND ENGINEERING,  
NIT MEGHALAYA

PROF. PAONAM SUDEEP  
MANGANG,  
PROFESSOR,  
DEPARTMENT OF HUMANITIES  
AND SOCIAL SCIENCES,  
NIT MEGHALAYA

DR. SWATHISHA P,  
ASSISTANT PROFESSOR,  
DEPARTMENT OF HUMANITIES AND  
SOCIAL SCIENCES,  
NIT MEGHALAYA

Last date for registration: **25 October 2025**
